

RIVERFRONT MARINES FLAG REPLACEMENT PROGRAM

“Always Honor the Flag”

This flag needs to be replaced

As unbelievable as it may seem, this flag...and others like it...were actually found flying from flagpoles in our area.

Because of this, the Riverfront Marines have instituted a flag replacement program. When one of our members sees a torn, tattered, and just plain worn out American flag, we replace it at no charge with a brand-new 3' x 5' flag...with the property owner's permission, of course! We also hand out literature about the proper way to display and care for our flag.

“Always Honor the Flag”

If you see a flag that doesn't look like the one in the picture on the left, replace it!

Proper disposal of worn out flags is also very important. They are never to be put in the trash, or buried. Give your worn out flag to any member of our Detachment and it will be properly disposed of.

Or, if you live in the North Augusta area, you may deposit your worn out flag in either of our Worn Flag Repositories. One is located at the Wal-Mart Plaza on Knox Avenue (near the gas station) and the other is in the Food Lion parking lot on Rt.25 near the interstate.
